

CROOKED ELECTION

Some of the Up State Districts of New York, is Charged, and

Will Probably be Contested.

The Fight Between Coler and O'Dell for the Governorship of New York, was Fierce and Close. Other Election Returns from Various States.

New York, Nov. 5.—The state election in New York, will probably be contested by the Democratic majority.

The Democratic state leaders have practically given notice to this effect. Hill Coler, John N. Canale, chairman of the Democratic state executive committee and chairman of the Democratic state committee, will meet at the Hotel Hamilton this evening and will remain there until the question of defective ballots in the state districts has been thoroughly enquired into by the board. Secretary Nason of the Democratic committee said this morning, "We do not concede anything. The alleged defective ballots in up state districts will be more than enough to elect Coler. Republicans have resorted to chicanery."

LARGEST NUMBER
Counties Ever Won by Republicans in Ohio.

Columbus, Nov. 5.—Chairman Dickerson received the complete unofficial returns from the 17th congressional district. A. H. Jackson, Republican, is elected to Congress over J. A. Norton, Democrat. The plurality on the face of returns shows that Norton carried the district by 1,600. The latest returns from third district show that the plurality of R. M. Nevin, Republican, for Congress has crossed the 5,000 mark. Nevin carried this Democratic district by 14. The Republicans carried 22 of the 85 counties in state, the largest number ever by the party.

INDICATIONS
Figured out by Chairman Babcock Today.

New York, Nov. 5.—Chairman Babcock said this morning that the results received by him up to noon indicated the Republicans would have a majority in the next congress. There are several districts still to hear from, but there was no question that Republicans would have a majority.

VOTES WASTED
Mine Workers who Were Numerically Strong.

Nicholas, Pa., Nov. 5.—With 100 votes at their command, the mine workers of the state failed to elect any men pledged to work for their interests. Many wasted votes casting them for socialist labor leaders. Leaders of the mine workers are annoyed and distressed. They say the result ought to teach the mine workers a lesson.

IN IOWA
There Was a Republican Loss of Twenty Per Cent.

Des Moines, Ia., Nov. 5.—For the first time in eight years, Iowa will be represented by at least one Democratic congressman, and possibly two or three. The entire state ticket is elected by a Republican majority of 10,000, a loss of 20 per cent as compared with last year.

IT IS CLOSE.
The Fight in New York Was to the Finish.

New York, Nov. 5.—Overnight developments made no difference in the result of the election in New York state except so far as the plurality of Governor O'Dell is concerned. Figures this morning indicate that the Republican plurality will fall below ten thousand. Police figures on Greater New York complete, give Coler a plurality of 126,400.

Outside returns indicate that O'Dell will come to Harlem river with a plurality of 129,700 thus winning by 9,300 votes.

THE NEXT HOUSE
Will be Republican by Majority of About Twenty-four.

Washington, Nov. 5.—From the best information obtainable this morning, it appears that the next house will contain 265 Republican congressmen and 181 Democrats. In these figures there are several doubtful districts, including several in which official counts will be necessary. Ohio will send 17 Republicans and 4 Democrats.

OHIO'S RETURNS
Show This State to Have Gone Bad by 90,000.

Columbus, Nov. 5.—The best information today points to a Republican majority in the state of 90,000. So Ohio now takes the rank as the chief Republican state of the union. All other Republican states showed a falling off. A special to the Cleveland Press, (Independent) from Columbus says, "Returns early this morning indicated that the Democrats had lost between 20,000 and 30,000 as compared with last year."

Three years ago, when Acumaldo was making trouble in the Philippines and Dr. Donovan was appointed surgeon with one of the regiments sent there to help quell the insurrection. At that time he was engaged to Miss Dunne, but, believing that he owed his first duty to his country, he made the long journey across the sea. It was agreed that should the young physician survive his service, they would get married on his return.

IN MEMORY OF A MASON

Many Prominent Men Attend the Ceremonies in Philadelphia

Honoring George Washington.

Grand Lodge Called to Order With the Same Gavel George Washington Used During the Masonic Ceremonies More Than a Century Ago.

Philadelphia, Pa., Nov. 5.—With the gavel that George Washington used during the Masonic ceremonies incident to the laying of the corner stone of the United States capitol at Washington on September 18, 1793, Edgar A. Tannis, Grand Master of Free and Accepted Masons of Pennsylvania, called the Grand Lodge to order when it assembled in the Masonic Temple in this city today to celebrate the sesquicentennial anniversary of the initiation of Washington into the fraternity.

President Roosevelt headed the list of invited guests and among others present were United States senators, governors, judges and other men in public life, together with eminent representatives of the Masonic Grand Lodges of nearly every state. Thomas R. Patton, the grand treasurer of Pennsylvania, appeared as the delegated representative of England's Free Masons, and read a letter from the Duke of Connaught, Grand Master of Masons in England.

The formal exercises, which commenced at noon, were held in the Corinthian, or Grand Lodge room, in the Masonic Temple. Edgar A. Tannis presided in his capacity as Grand Master, and the officers of the Grand Lodge occupied their proper stations. The address of welcome was made by the Grand Master, to which reply was made by Charles T. Gallagher, Grand Master of Massachusetts. Then followed a brief address by President Roosevelt, who is a member of Mathecock lodge, No. 806, of Oyster Bay, New York.

James M. Lamberton, of Harrisburg spoke on "Washington as a Free Mason," and the address concluded with remarks by General Stewart L. Woodford, ex-Minister to Spain, on "Washington as a citizen." Greetings were then received from the Grand Masters of the different states.

Upon the close of the meeting a "table lodge" was opened in the large banquet hall of the temple, at which Grand Master Tannis also presided. The toasts and speakers were as follows: "The Grand Lodge of Pennsylvania," Edgar A. Tannis, Grand Master of Pennsylvania; "In Memory of Our Deceased Brother George Washington," George W. Guthrie, of Pennsylvania; "Free Masonry Around the Globe," Rt. Rev. Dr. Henry C. Potter, bishop of New York; "The Grand Lodge of Which Washington was a Member," H. Oscar Kearns, Grand Master of Virginia; "The Commonwealth of Pennsylvania," William A. Stone, Governor of Pennsylvania; "Our Sister Grand Lodges," Thomas J. Shryock, Grand Master of Maryland; "Our Honored Guests," Justice J. Franklin Fort, of New Jersey; "All Our Friends," Charles Emory Smith, ex-Postmaster General; "The Day We Celebrate," Judge Samuel W. Pennypacker, of Pennsylvania.

ALLEGED MURDERER

Was About to be Released This Morning When He was Identified by a Conductor and Held.

Boston, Nov. 5.—Allen G. Mason, of 39 Newbury street, arrested yesterday by state officers on a suspicion that he was the slayer who murdered Miss Clara A. Morton, came near to being released today. Mason's brother, Edward Palmer Mason and Henry Tyler agreed that the man now under arrest was at his Newbury street home from dinner time Saturday night until 9 o'clock and that he then went out and remained some time. The murder of Miss Morton occurred at 8:50 o'clock and the statements of these people would have proven an alibi for Mason that the state police would not at-

tempt to dispute, but just before Mason was taken into court, an absolute identification of him as having been in Waverly Saturday night, was obtained, and this changed the minds of the state detectives. Instead of informing Judge Almy that they believed the charge of murder against him could not be sustained, they asked that the prisoner be held. Judge Almy held him without bail for appearance on Tuesday. Charles Brown, an elevated railway conductor, positively identified Mason as the man who rode from Waverly on his car at 10:30 o'clock last Saturday night.

AN UNUSUAL LITIGATION
Brought Because of the Action of a Board of Education.

Columbus, O., Nov. 5.—(Special.)—prize in the guessing contests as to the total vote of Ohio, as conducted by several newspapers has reached the point where the guessers are willing to try to attempt to bribe the secretary of state to win the money. Some people evidently believe that the secretary of state Laylin has such control of the election returns, as chief state supervisor of elections, that he could, if he wished, make the total vote just the desired figures. What they want is the money, and they are willing to divide it with the secretary of state. One party, living at East Linn, O., and signing himself simply "A Friend" wrote the secretary of state that he had guessed for the total vote of Ohio 797,236, and if he drew the capital prize of \$12,000, he would send the secretary of state a check for \$4,000, providing he made the total vote that number.

Another who signed himself "G. G. Stephens" advised the secretary of state that he had guessed 797,531 and \$41,008 as the total vote, and if the secretary of state would kindly see that the vote of Ohio showed either one of these numbers his liberality would be so great, and his gratitude so great, he would give Hon. L. C. Laylin, just half of the \$12,000.

THIRTEEN ARE DEAD

Some Mangled Beyond Recognition as the Result of an Explosion During an Election Day Celebration.

NEW YORK, NOV. 5.—A FIREMENT HOUSE. HIS BODY WAS ALMOST CUT IN TWO WHEN THE 13 LIVES IN MADISON SQUARE LAST NIGHT AND SERIOUSLY INJURED SEVEN OTHER PEOPLE. THREE GROUPS OF AERIAL BOMBS THAT PREMATURELY EXPLODED, CAUSED THE ACCIDENT. SHELLS WERE SHOT INTO THE CROWD AND EXPLODED, PIECES MOWING DOWN SPECTATORS LIKE MACHINE GUNS. A LITTLE BOY, TOOTING A HORN, WAS HURLED THROUGH THE AIR FOR OVER A HUNDRED FEET ON TO THE DOORSTEPS OF AN APARTMENT HOUSE. HIS BODY WAS ALMOST CUT IN TWO WHEN THE HEAVY PALL OF SMOKE HAD LIFTED. THE STREET FOR OVER A BLOCK WAS FILLED WITH THE DEAD AND INJURED. THE DEAD WERE SO HORRIBLY CUT AND DISMEMBERED THAT ONLY TWO OF THEM WERE IDENTIFIED BY THE FIRST TEN DEAD BROUGHT TO THE HOSPITALS. POLICEMAN MCGEE, WHOSE LEGS WERE BLOWN OFF IN THE EXPLOSION, DIED IN THE HOSPITAL. IT WAS THE WORST ACCIDENT OF THE KIND EVER KNOWN.

Vaccination Figures in a Test Case Now Pending the Result of Which Will be Important. Election Day in Ohio's Capital.

Columbus, O., Nov. 5.—(Special.)—prize in the guessing contests as to the total vote of Ohio, as conducted by several newspapers has reached the point where the guessers are willing to try to attempt to bribe the secretary of state to win the money. Some people evidently believe that the secretary of state Laylin has such control of the election returns, as chief state supervisor of elections, that he could, if he wished, make the total vote just the desired figures. Of course these letters went to the waste basket, as the secretary of state would not be a party to such a scheme even if he could, and it is not within his power to do so, even if he wished.

A Quiet Election.
The election here passed off very quietly, although there was a large vote cast and a lively interest taken. The contest between the Democratic and Republican candidates for congress and between the Republican and Democratic candidates for Probate Judge was really the storm center. Possibly no election ever held in this county was marked by as much scratching as was done yesterday. In spite of the sharp contest, the intense feeling on both sides, the election passed off very quietly. The man with the ballot did the business, and the ward heelers and scrub politicians had very little influence.

Bad Location.
The report of the board of visitors of Montgomery county, filed with the state board of charities, is rather severe on the county infirmary. The building was erected, the report says, fifty years ago. For some reason a basin was selected as the site instead of an elevation which could as easily have been secured. The result is that the sanitary condition is and always has been bad. Just now the situation is such, in the opinion of the board, as to make the institution a disgrace to the county. Many efforts have been made to get a new building but have failed. The policy of the county seems to be to add to the old building and improve it, none of which changes improves the building in the least for the reason that the defect is radical and only demolition and the building of a new structure can make it right, in the estimation of the board of the visitors.

NERVOUS DYSPESIA.

A CURE FOR ALL.

Not a Patent Cure-all, nor a Modern Miracle, but Simply a Rational Cure for Dyspepsia.

In these days of humbuggery and deception, the manufacturers of patent medicines, as a rule, seem to think their medicines will not sell unless they claim that it will cure every disease under the sun. And they never think of leaving out dyspepsia and stomach trouble. They are sure to claim that their nostrum is absolutely certain to cure every dyspeptic and he need look no further.

In the face of these absurd claims it is refreshing to note that the proprietors of Stuart's Dyspepsia Tablets have carefully refrained from making any undue claims or false representations regarding the merits of this most excellent remedy for dyspepsia and stomach troubles. They make but one claim for it and that is, that for indigestion and various stomach troubles Stuart's Dyspepsia Tablets is a radical cure. They go no farther than this and any man or woman suffering from indigestion, chronic or nervous dyspepsia who will give the remedy a trial will find that nothing is claimed for it that the facts will not fully sustain.

It is a modern discovery, composed of harmless vegetable ingredients acceptable to the weakest or most delicate stomach. Its great success in curing stomach troubles is due to the fact that the medicinal properties are such that it will digest whatever wholesome food is taken into the stomach, no matter whether the stomach is in good working order or not. It rests the overworked organ and replenishes the body, the blood, the nerves, creating a healthy appetite, gives refreshing sleep and the blessings which always accompany a good digestion and proper assimilation of food.

In using Stuart's Dyspepsia Tablets no dieting is required. Simply eat plenty of wholesome food and take these Tablets at each meal, thus assisting and resting the stomach which rapidly regains its proper digestive power, when the Tablets will be no longer required.

Nervous Dyspepsia is simply a condition in which some portion or portions of the nervous system are not properly nourished. Good digestion invigorates the nervous system and every organ in the body.

Stuart's Dyspepsia Tablets are sold by all druggists at 50 cents per package.

DYSPEPSIA

THE STAGE.

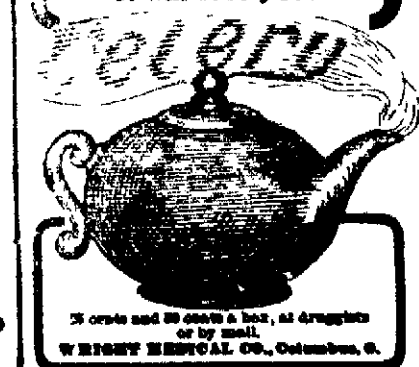

One of the most interesting attractions that the Faunt opera house will have this season will be the engagement of Mr. Howard Kyle in Clyde Fitch's grand Revolutionary play of American history, "Nathan Hale" which will be seen tonight. This will be Mr. Kyle's first appearance in this city and is a star. He has been here several times before with other companies and never failed to leave an excellent impression. He comes this time appearing as one of the noblest characters known in American history, one which gave him distinguished consideration throughout the length and breadth of the land and in which he reflects credit upon himself and upon his profession. The character is a noble and thrilling one and the while such is perfectly natural without thoroughly human, possessed of all the natural traits and endowed with a great love nature that manifested itself in his life in order to fulfill his duty. Coming manly and with a singularly dominant personality with much magnetism Mr. Kyle enters in to the heart of his characterization in which he has made the hit of his life. Before successful in romance and comedy roles as Nathan Hale he has received the highest encomium. The supporting company comes highly recommended and the production fully meets all requirements.

The Murray Comedy company, which opens a three night engagement at the Faunt theatre next Thursday Nov. 6th is undoubtedly one of the best repertory companies on the road this season. They number 22 people and all artists in their respective lines. Specialties new and novel of all be introduced between acts by different members of the company. They have selected for their opening bill "Two Friends" in which each and every member of the company have an opportunity to display their ability. Saturday night, "Nature's Nobleman."

NEW BOER WAR FORETOLD

Boite Says His Race Will Never Accept Present Situation.

Mynheer Boite, former state secretary of the Transvaal, said the other day to the New York Journal's Paris correspondent:

"I will never take the oath of allegiance to Great Britain. I would not swear allegiance to the British flag to save my wife and children from starvation. England wants to make another island of the Transvaal. Chamberlain is a clever scoundrel and Sir Alfred Milner an ignorant scoundrel. There will never be peace in South Africa so long as Milner is left there. He is a scoundrel and his ignominy is spread all over."

"I am going to America to tell the American people of the inhuman treatment which our women and children received at the hands of the English. Americans do not admire the concentration camp policy."

"I would like to have our people settle upon your western lands, but America is too far away from South Africa to suit our future purposes. My two sons are going to Madagascar to examine the situation there and see whether it is a fit place for our people."

We could easily colonize Madagascar,

whereas France cannot.

"When our next war does occur, our people would be within easy distance, and there will be another war when we are ready. The Boers will never accept the present situation. We were not beaten. Twenty years of war by England could not beat us. We laid down our arms to save our women and children from annihilation. The Boer race must not become extinct."

ILL FATED MORNE ROUGE.

West Indian City Was a Great Resort For Martinique Invalids.

Morne Rouge, which has just been destroyed by another eruption of Mont Pelée, is about seven miles from St. Pierre and was a summer resort for the wealthy classes of that ill fated city. When Mont Pelée destroyed the inhabitants of St. Pierre on May 8, it was thought that Morne Rouge, being nearer the volcano, must have met with the same fate, but this was not the case. At one time the place seemed surrounded by a sea of lava, but this cooled before reaching Morne Rouge. The greater number of the inhabitants fled and did not return, as the nearby volcano has been in frequent and violent eruption since the outbreak that destroyed St. Pierre.

Morne Rouge, which is situated on an elevation, has long been known as one of the most beautiful places in a land of volcanic activity. On first approach it seemed to be one long, straggling street. Closer inspection showed the homes of some 5,000 inhabitants, surrounded and shaded by tropical trees, hedges and numerous rose-bushes. Morne Rouge for many years was the great resort for the invalids of Martinique.

Swift Was a Don't at School.

Not only philosophers and divines, but some of the most trenchant satirists and brilliant humorists were dull enough as boys. It has been said of Swift in his best days that "he displayed either the blinding lightning of satire or the lambent and meteorlike caricatures of frolicsome humor." And yet this vigorous disputant was considered a fit subject for a fool's cap at school. Afterward at the Dublin university "he was by scholars esteemed a blockhead," who was denied his degree on his first application and obtained it with great difficulty on the second.—London Standard.

A Large Department.

Mr. McBride was showing his wife the workings of our national congress. The Detroit Free Press represents her as putting to her spouse this intelligent question:

"But where is the framing department?"

"The what?"

"I read in the papers that laws were framed in Washington," she explained.

The Real Test.

Hardup—I tried to sell those diamonds I bought of you and was told they were not genuine.

Jeweler—Did you sell them?

Hardup—Yes, for almost nothing.

Jeweler—Well, you go back and try to buy them, and you will find out that they are genuine.—New York Weekly.

An Impossible Condition.

"You say you can't afford to hire a clerk. Why don't you get your wife to do your typewriting?"

"Impossible! She wouldn't submit to any dictation."—Richmond Dispatch.

Fears Long Drawn Out.

Diggs—Rounder is quite ill.

Biggs—Indeed! His wife naturally has grave fears about him, I suppose?

Diggs—Yes. In fact, I think her fears extend beyond the grave.—Exchange.

A woman is not real old fashioned unless she makes a salve for neighborhood use for cuts, bruises and burns.—Acheson Globe.

DEMAND

Was Cut Down by the Appraisers.

The managers of the Ft. Wayne, Van Wert and Lima Traction company, are making a determined effort to secure the right-of-way in the vicinity of Ft. Wayne. Commenting on the proceedings against the few open pieces the Ft. Wayne Journal-Gazette says:

Harvey K. Turner, Henry Antrup and Samuel Mills, who were appointed by the circuit court to appraise the value of property involved in condemnation proceedings, brought by the Ft. Wayne, Van Wert and Lima Traction company against George W. Townsend and Josephine Townsend, in Jefferson township, made their report yesterday. The suit involved a strip of land eighty rods long and forty feet wide through the Townsend lands, and the owners demanded \$600 damages. The appraisers assessed the land and placed the damage sustained at \$218.75.

Mackey Slated for a Bout

Friday Night

Under Auspices of Lima Athletic Club.

The Findlay Bantam Will Spar Ten Rounds With Eddie Bowers.

Both Lads Have Met Before and are so Evenly Matched as to Leave the Result in Doubt.

Under the auspices of the Lima Athletic club there is to be a meeting between some of the recognized experts in the art of boxing during the winter, and the first attraction is booked for Friday night, when Biz Mackey, the Findlay bantam, will meet Eddie Bowers of Columbus.

In order to conform with the law governing fist encounters, a ten round go has been decided on, and as both of the principals have made a name for themselves in the ring, the contest is sure to be one which will bring out all of the good points of the two little fellows.

Biz Mackey has been the talk of the town that claims him as a resident and he has met and defeated a score of fast lads of his size and weight. Under the training of Con. Healy Mackey has developed as a wonder and while he has not always gotten the decision, he has played several of greater size and weight to a draw.

In one or two instances he has met defeat, but not without giving his opponent a sufficient amount of punishment to let him know there was another in the ring.

Eddie Bowers has had his measure taken by Mackey and when they have met it was always to give their audience a run for the money. Bowers is fast and clever and like Mackey has won a number of hard fought bouts.

The exhibition will be given by the club at Moore's garden and preceding the main event there will be some preliminary bouts in which local champions of both Mackey and agreement have been signed by the boys will take part. Articles of Bowers and unless some unforeseen incident occurs to interfere the engagement will take place on Friday evening as stated.

In a rapidly growing city like Lima no man can make a mistake in buying well located real estate. The lowest wage earner can take advantage of the sale at the prices and terms that are being offered in this addition which lies just west of Main street and south of the Lima Locomotive & Machine Co.'s new plant, and will be sold at prices from \$75 to \$475 on terms of \$10 cash and \$5.00 per month, without interest and without taxes until paid for. FINDLAY

Working to Start the Rolling Mill.

As a result of a meeting of creditors held in the Phoenix Inn Monday afternoon, says the Findlay Courier, an effort will be made to interest local capital in the Ohio Rolling Mill and to reopen it under entirely new management. The extent to which the creditors wish to interest local capital is \$25,000 and it is believed that little difficulty will be experienced in doing this as it is known beyond a doubt that the rolling mill was a paying industry. Without exception the creditors are in favor of this plan, hence the belief that ere long the mills will be in full operation again.

There are several scrap iron dealers interested as creditors among whom is Max Bornstein, of Lima, and this fact insures a plentiful supply of this necessary material for future operation. It is with difficulty that scrap iron is secured by many of the foremost mills of the country, but with scrap iron dealers as stockholders in the Ohio company, there is every reason to believe that the mill would never have to be shut down owing to a lack of this material.

THE RAILROADS

Erie's New Division Superintendent in Charge.

A year ago, James Corbett was appointed superintendent of the Susquehanna division of the Erie railroad, and made his home in this city. Tomorrow he takes charge of the Lima Chicago division, with headquarters at Huntington, Ind. The division extends from Chicago to Marion, Ohio, a distance of 269 miles.

The transfer of Superintendent Corbett is a promotion, and on that his many friends, both in railroad circles and outside, sincerely will congratulate. He has risen from the ranks of railroad workers to the responsible place he fills, and in every sphere of work, has made friends by good deeds, a constant courtesy and fidelity that know no obligation above duty. Newspaper men have to see the superintendent of a great railroad often. They want news and sometimes may want to suggest how railroads should be run. Superintendent Corbett always is approachable and it he doesn't give up information that he wants to keep the fact isn't suspected. He leaves Elmira hearing the congratulations of citizens, tinged with regret that his improved fortunes and enlarged field of usefulness take him from their circles.—Elmira Advertiser.

Under the Wheels.

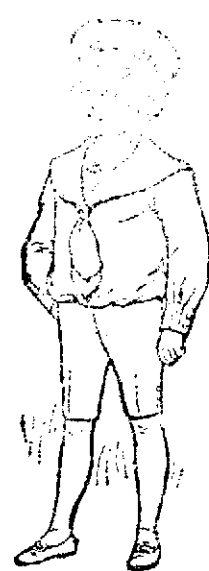

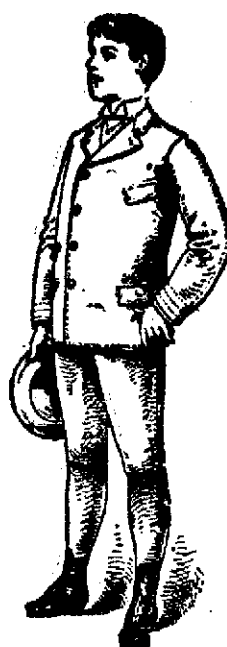

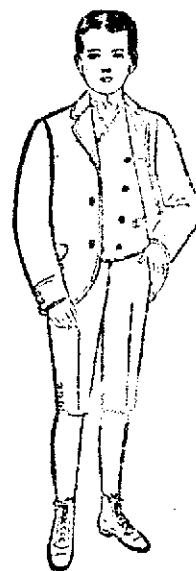

Dr. A. J. Manville, one of the oldest physicians in Wood county, was instantly killed by a C. H. & D. train at Custer last night, says a dispatch from Bowling Green.

In the early afternoon, the doctor had gone to Custer to look after a farm which he owned there. A short time before the arrival of the train which he expected to take, he and Mr. Hendricks, the elevator man, went down to the elevator to settle up for some grain which Mr. Manville had sold to Hendricks.

It seems that while they were getting the door open a train whistled and the doctor, thinking it was his train, ran out upon the track and started for the depot which is some little distance away. Instead of the train which stops at Custer, it was a fast train, and, before the doctor discovered his mistake, it was upon him and he was run down. His skull was crushed, both legs cut off and one arm severed. Death was instantaneous.

Very Curious.

Railroad and financial circles are curious regarding the outcome of the adjourned meeting of the Louisville & Nashville stockholders to be held in Louisville today. The persons most concerned are reticent concerning the meeting, but it is generally understood that there will be a change in the directorate on account of the new ownership, but no change in the management of the operating department. It is reported that directors John M. Atherton, John M. Helm and Attila Cox will retire to give place to John W. Gates and two representatives of the Morgan interests.

It's the constant working of Doan's Kidney Pills. Are these reports all true? Here's a Lima man, ask him his opinion.

Mr. Frank Phinney, of 864 West Elm street, says: "I felt weak and run down and there was too frequent action and inability to contain the kidney secretions. I doctored and took a great many different kinds of medicines but did not get any better. Learning about Doan's Kidney Pills, I procured them at Wm. M. Melville's drug store and used them. They helped me wonderfully, strengthened my back, toned up my kidneys and acted as a general tonic to my system."

For sale by all dealers. Price 35 cents a box. Foster-McBride Co. Remember the name—Doan's—and take no substitute.

The Linen Closet. The well regulated linen closet should have its napkins and clothes arranged in sets, matching in quality and design. It is a good idea to arrange the napkins folded on the folded cloth and tie them in a flat package with a ribbon fastening around from all sides. Care should be taken that household linen, not only napery, but towels and bed linen, is rotated in service. Sometimes the bottom of the pile of towels, sheets or pillowcases is not touched for months, the upper pieces of the piles being conveniently taken off constantly and replaced by themselves as they come from the weekly laundering. It will be found much more economical to take them in turn, in this way they wear alike and much longer than if in constant use.

SWEPT IT CLEAN

Ohio Republicans Elect Their Entire State Ticket.

PLURALITIES VERY HEAVY.

Returns Indicate Nearly One Hundred Thousand For Laylin.

NO GAIN MADE IN CONGRESSMEN.

Cuyahoga County Democrats Elect Their County Ticket and Franklin County Democrats Capture the National Representative—Results in Hamilton, Lucas, Stark, Montgomery, Mahoning and Elsewhere, With the Outcome in the Several Congressional Districts.

Columbus, Nov. 5.—The result in Ohio, so far as the state ticket is concerned, was a veritable Republican avalanche. Late returns indicate that Secretary of State Laylin's plurality will exceed 70,000, one of the largest Republican pluralities on record in the Buckeye state. At the same time the Republicans, according to returns, made no gain in Ohio congressmen, and are likely to lose one. The present Ohio delegation in congress consists of 17 Republicans and four Democrats, and the returns show 16 Republicans and four Democrats elected, with the Twelfth district in doubt. The present apportionment of the Ohio congressional districts was made by a Republican legislature, with 14 Republican, four Democratic and three doubtful districts. Two years ago the Republicans carried all the

SECRETARY OF STATE LAYLIN.

doubtful districts by close pluralities, and this year they increased their pluralities in the Republican and two of the doubtful districts and reduced the pluralities of the Democratic districts without gaining any congressmen, and losing the hotly-contested Twelfth district. At the last session of the Republican legislature only one congressional district, the Twelfth, was changed and it has been carried by the Democrats.

Returns indicate that the Democrats have swept Cuyahoga county. Mayor Johnson claims the election of the county and state tickets by comfortable pluralities. The county may give Bigelow 4,000 plurality. The cities of Toledo, Youngstown, Dayton, Canton and many others gave substantial Republican pluralities.

Garber's Statement.

Harvey C. Garber, chairman of the Democratic state committee, gave out a statement in which he says: "In Hamilton county, last year the honored and gallant veteran soldier, Colonel James Kilbourne, as the Democratic candidate for governor, made the Republican precincts of Cincinnati Democratic by 1,000 votes, and Louis G. Bernard Tuesday made the Democratic precincts there go Republican by 7,000 votes. Both John R. McLean and Bernard have resigned their commissions as Democrats. The next convention will undoubtedly accept the same."

In this (Franklin) county, which also constitutes the Twelfth congressional district, the Republican plurality on the state ticket is 2,000, while Huling, the Republican candidate for congress, is defeated by 600, due to local opposition to Huling.

Returns indicate the Republicans have elected 16 congressmen out of 21 in Ohio and the Democrats four. One is in doubt. Following is the list.

Doubtful.
Chairman Dick said: "Returns to this hour do not change our estimate of 100,000 Republican plurality. We have carried all districts now represent-

ed by Republicans with the possible exception of the Twelfth, and in its place we have probably carried the Thirteenth district."

Dick's Majority Increased. Akron, O., Nov. 5.—The Nineteenth district re-elected General Charles Dick to congress by increased plurality over 1900, when it was 13,788. Summit county gives Laylin (Rep.) for secretary of state 145 plurality. Entire Republican county ticket elected except probably Sower, defeated by Burr for recorder.

Republicans in Lucas County. Toledo, Nov. 5.—Returns from 90 of the 146 precincts in Lucas indicate that the Republican state ticket will carry the county by 6,000. Congressman Southard (Rep.) will have 3,000 plurality in the county, and the Republican county ticket will have 5,000 plurality.

Vote in Cincinnati. Cincinnati, Nov. 5.—City complete, giving Laylin (Rep.) for secretary of state 24,084 majority, indicates Republican majority in Hamilton county of nearly 30,000.

In Thirteenth District. Columbus, Nov. 5.—In the Thirteenth district A. H. Jackson (Rep.) was elected to congress, defeating James A. Norton (Dem.).

Killed Going to Vote. Columbus, Nov. 5.—Joseph Bell, 54, run down and killed by an electric car while on his way to the polls to vote. He was partially blind.

Nevin Re-Elected. Dayton, O., Nov. 5.—Robert M. Nevin (Rep.) was re-elected to congress from the Third district.

Prohibition Leader Killed.

Effingham, Ill., Nov. 5.—Hon. Hale Johnson, a prohibition leader of national prominence and presidential candidate on the Prohibition ticket in 1896, was shot and killed by Harry Harris at Bogota, a village in Jasper county, 30 miles from here. Mr. Johnson, who was practicing law at Newton, the county seat, went to Bogota to collect an account on which judgment had already been rendered against Harris. An altercation occurred between Johnson and Harris at the Harris home, and the latter secured a shotgun and fired at Johnson at close range, the charge striking Johnson in the face and causing instant death. Harris was apprehended.

RHEUMATISM

ACUTE AND CHRONIC, MUSCULAR, MERCURIAL, ARTICULAR AND INFLAMMATORY.

Some people have been suffering from Rheumatism so long that they can scarcely remember the time when they were entirely free from an ache or pain, and have long since forgotten the joys of a painless existence. They are at the mercy of every ill wind, and their misery is aggravated by exposure to cold or sudden changes in the temperature. They become walking barometers and most accurate in weather predictions, the increasing pains in muscles and joints foretelling the approaching storm or the coming of bad weather. It is from these constant sufferers that the great army of rheumatic cripples is recruited. Their bodies are worn out by the incessant pains and the joints become so stiffened and bent that they are at last compelled to give up or hobble about on crutches.

Nobody ever outlived Rheumatism; the disease never loosens its grip or leaves of its own accord, but must be driven out by intelligent and persistent treatment through the blood, for Rheumatism of every variety and form is caused by an over acid condition of the blood, and the deposit in muscles, joints and nerves of corrosive poisons and gritty particles, and it is these irritating substances that produce the inflammation, swelling and pains, which last as long as the blood remains in this sour and acid state.

To cure Rheumatism permanently the blood must be purified and invigorated, and no other remedy does this so well or so promptly as S. S. S. It refreshes and restores to the thin acid blood, and is again circulating through the body the acid poisons and irritating matter are washed out of the muscles and joints, and the pains at once cease and Rheumatism is a thing of the past. S. S. S. is a purely vegetable medicine and does not derange the stomach like the strong mineral remedies, but builds up the general health, increases the appetite and tones up the digestion.

Through our Medical Department the pain-racked, despondent Rheumatic sufferer will receive helpful advice from Physicians of experience and skill without charge. Write us fully about your case.

MISS ROSE OWENS,

No. 720 Seventeenth St., WASHINGTON, D. C.

"If every suffering woman has the same experience with Wine of Cardui that I had, your medicine will be most popular. About a year ago I began to have a worn out tired feeling with lassitude, pains in the back and head which kept increasing every month. I felt that I needed something, but to get the right medicine was the trouble. I finally decided on your Wine of Cardui and only needed to take three bottles when I was fully recovered."

When Miss Rose Owens, who has a responsible position in the Government service at Washington, D. C., decided to try Wine of Cardui, she made a wise choice. Over a million women have been relieved of chronic weakness by this same Wine of Cardui. It is not a strong medicine but may be taken every day in the year by any woman with benefit. It does not force results, but corrects derangements of the menstrual system, gives tone to the bodily functions, acts directly on the genital organs, and is the finest tonic for women known to the science of medicine.

At the end of winter most hives have exhausted their stores and become dangerous. When this is the case, woe to him who touches the hives. Smoke has lost its spell, and you shall scarce have emitted the first puffs before 20,000 acid and enraged demons will dart from within the walls, overwhelm your hands, blind your eyes and blacken your face. No living being except they, say the bees and the sphinx stropes, can resist the rage of the united legions. Above all, do not struggle. The fury would overtake the neighboring colonies. There is no means of safety other than instant flight through the bushes. The bee is less numerous, less implacable, than the wasp and rarely pursues her enemy. If flight be impossible, absolute immobility alone might calm her or put her to sleep. She fears and attacks any too sudden movement, but at once forgives that which no longer stirs.—Harper's.

TWO REPUBLICAN CANDIDATES ELECTED.

T. J. Edwards Elected County Clerk and S. W. Wright Elected County Commissioner Yesterday.

 County Recorder,

 County Commissioner,

 Judiciary Director,
DAVID STEPLETON.

HON. HARVEY C. GARBER
 Carried Every County in the Fourth District.

One feature of the result of the campaign that is most gratifying to the Democracy is the fact that Hon. Harvey C. Garber, the Democratic nominee for congressman from this, the Fourth district, carried every county in the district and was elected by a majority of about thirty-three hundred votes. The vote was tight throughout the district but he held the support of the Democracy in Allen, Shelby and Mercer counties in spite of the desperate and outrageous fight that was made against him and in his own county, of Darke, he ran about one hundred votes ahead of the Democratic county ticket. There was but one county in the district that the fight made against him made any showing on the face of the returns, that being in Auglaize county, where, in St. Marys and vicinity, he ran three hundred votes behind the leaders on the Auglaize county Democratic ticket. The entire Democratic ticket in Auglaize county was elected by average majorities of 900 votes. Mr. Garber's majorities in the five counties comprising the district were as follows:

Allen county	210
Auglaize county	690
Shelby county	650
Darke county	700
Mercer county	1150
Total	3340

An analysis of the vote on the congressional contest in Allen county shows that in spite of the very little attention that was paid to this contest by the voters the camp of approval was not put upon mayor Rogers' candidacy for congress or his methods and policy as mayor. He received some support from ex-mayor McComb's friends in the city and was not supported by all of the conservative Republicans.

Last spring Mr. Rogers, in the zenith of his popularity, carried the city of Lima by a majority of 1123 votes. Yesterday his majority was less than five hundred votes in Lima and next spring he will have none. R. E. Davis, the Republican candidate for auditor carried the city by only about twenty-five votes.

OFFICIAL COUNT

Will Make Very Little Change in the Figures.

The local board of deputy super-

visors of elections has commenced the canvass of the election returns but has not yet reached the totals. Unless something unlooked-for is found in the returns the official figures will be but little different from the unofficial returns.

Van Wert county elected two of the three Democratic candidates who were on the ticket in that county.

Congressman "Doc" Norton, of the Thirteenth district, is reported to have been defeated by Jackson, the Republican candidate, by about 300 votes. Norton was a candidate for the fourth term.

Congressman Snook, of the Fifth district, was re-elected by a good majority.

No figures have been received on the result of the race between Judge Caleb H. Norris, of Marion, and Judge Hurlin, of Findlay, for the Circuit Judgeship but it is the general opinion that Norris was re-elected, although the extremely tight vote that was polled placed the district in danger.

HANCOCK COUNTY

Came Into the Fold, Electing Five Democrats to Office.

Concerning the election in Hancock county, the Findlay Republican says: The day is over, the battle of the ballots has been fought and locally the Republicans are in receipt of a most artistic drubbing. Of the entire county ticket they have elected only four, viz: William L. David, prosecuting attorney; A. W. Balsley, coroner; Wm. F. Duncan, common pleas judge, and Elmer C. Bolton, county surveyor, the latter two being without opposition, while the Democrats have wagged off with the bulk of the spoils. They have elected probate judge, sheriff, clerk of courts, commissioner and infirmary director. Why this should be so it is difficult to understand as the normal Republican majority in Hancock county is about 250 and this should have made a sure thing of the election of as clean a ticket as could have been selected. But what ever may be the causes for the defeat of the county ticket and they must have been entirely local as the state ticket has carried the county by about the usual majority, the fact remains that the Democrats unnered the jack and carried away what should, with proper care, have been the Republicans. In the contest for judge of the court of common pleas, W. H. Kinder, the Democratic candidate carried the county by 1,610 major-

ity and the chances are that he has been elected. So far as the incomplete returns from other counties would indicate the chances are quite favorable, Seneca giving him 100 majority, while Wood and Hardin only piled up 1760 against him.

Harry Turnipseed Pleads Guilty and Gets His Just Deserts.

Thirty Days and a \$50 Fine, With Costs, Will Keep Him Out of Trouble for Six Months.

Several prisoners have been sent to the penitentiary since the report of the grand jury and as yet not one of the accused has taken advantage of the law which permits him to have a fair and impartial trial. Pleas of not guilty do not seem to stand when the hour for trial approaches and the prisoners prefer to throw themselves on the mercy of the court rather than risk an extra penalty when found guilty by a jury.

Today was set apart for the trial of Harry Turnipseed, who was charged with burglary. At the last moment, however, he changed his plea to guilty after the prosecuting attorney had consented to lessen the degree of crime and accept one of petit larceny.

The theft of the tools with which Turnipseed was charged was of sufficient importance to the court to warrant his giving the prisoner something more than a nominal fine. After his plea of guilty and the usual request for leniency, Turnipseed was sentenced to the work house for 30 days and ordered to pay or work out a fine of \$50 and costs.

The Next Case.

Edward Lang, who, with Earl Newman is held to answer for holding up Elias Grafton, and relieving him of \$9, has his trial set for Friday and unless there is a change of plea, he will be defended by Attorney Tom Hamilton.

Circuit Court.

Next week, the Circuit Court Judges will be in session and civil and criminal matters in the court below have been so arranged as not to interfere with the proceedings of the higher body.

Decision Appealed From.

Margaret R. Patterson, who is interested as defendant in a case growing out of the divorce proceedings of Laura B. Chapman vs. Albert O. Chapman, has appealed from the decision rendered by Judge Cunningham and will give the circuit court judges a chance at it. She is represented by Richie & Richie.

OPINIONS

Backed by an Interchange of Cash.

A Number of Wagers Made on the Election in the County and State.

A considerable sum of money changed hands yesterday and last night on the result of the election, the betting being mostly on the result in the county, although several wagers were made on the election of a governor for New York and total vote in the state.

When the returns began to indicate the possible election of Edwards for clerk, the Republicans accepted some small offers, and after his election became a certainty there were still a few loyal friends of the defeated candidates who refused to accept conclusions and backed their opinions with the coin. An attempt was also

made to get some larger bets after a sure thing tip was received.

The congressional majority in the district was also a quantity so uncertain as to attract those who had money to wager and a hundred dollars changed hands on a single bet that Mr. Garber would have 4500 over Rogers.
